A MESSAGE FROM THE INTERIM VICE PRESIDENT OF STUDENT LIFE

To the Rhodes College Community –

As we do each year, consistent with federal law, Rhodes College has completed its annual report on campus security and fire safety for 2022. This report is now available on the [Campus Safety website](#). The report contains three years' worth of campus crime statistics as well as campus safety statements, fire safety information, and information on how students, faculty and staff should report crimes.

The report uses federally mandated definitions concerning the locations and types of crimes in order to allow for comparisons across college campuses. As a reminder, if you need to reach Rhodes Campus Safety for any reason, call them directly at 901-843-3880. I encourage you to add the number of Rhodes Campus Safety into your cell phone. In an emergency, dial 911.

I hope you will read this annual report on campus security and fire safety and become familiar with the services and programs that are available to help keep the campus safe. If you have questions about the federal requirements and reporting on security and fire safety, or for any other police and security matters, you may contact me at golstona@rhodes.edu. To learn more about Rhodes campus safety services and programs, please visit the [Campus Safety website](#).

It is our privilege to serve the Rhodes College campus community. Thank you for your interest in reading our Annual Security and Fire Safety Report. This document will assist you in attaining the knowledge necessary to develop and maintain a sense of situational awareness. Our goal is to educate you and the rest of the community by sharing information on crime and safety, as well as offer information about various campus and local resources that may be of assistance to you. Our students, faculty, and staff come from across the United States and many different countries around the world. Expectations on crime and safety can vary widely; by reading this report, you will gain a better understanding of our community.

The safety of our campus is a shared responsibility. While Campus Safety is here to support our safety initiatives, it is commitment as individuals to that serves to ensure campus safety at large. I ask that you help us in our shared commitment to safety by:

- Locking residence hall doors and offices when you leave.
- All residence hall doors on campus are access-controlled using your fob. Do not hold them open for strangers. Do not let people into residence halls or other protected locations, unless you know them.
- Secure vehicles and valuables. Report suspicious behavior as soon as possible. If you “See Something, Say Something.” Communities that effectively report crime and suspicious behavior are generally safer. Campus Safety can be reached at 901-843-3880.
- When going out at night, travel with friends; there is safety in numbers.
- Take time to understand what to do in the event of an emergency such as an armed assailant or natural disaster.

Finally, I encourage you to ask questions and share ideas with student life staff and campus safety officers. If we build a combined sense of community for each other and this great College, together we can make a difference.

Sincerely,

Alicia C. Golston
Ed.D.

ABOUT THE ANNUAL FIRE SAFETY AND SECURITY REPORT

The purpose of the report is to provide information about security on campus, including: campus crime statistics, fire statistics and safety information, policy information, safety tips, resource phone numbers and a brief overview of the many services/resources available to Rhodes College community members.

Rhodes College has designated the Campus Safety Department as the office responsible for compiling and publishing the College's annual fire safety and security report. Information in this report is compiled from reports provided by, but not limited to, Campus Safety, Residence Life, other offices, and local law enforcement, including the Memphis Police Department.

This report is accessible on the Campus Safety webpage and hard copies are available at Campus Safety, located in the Spann Building, Unit #5.

If you have any questions about any part of this report, please contact Ike Sloas, Director of Campus Safety at 901-843-3215.

ANTI-DISCRIMINATION AND HARASSEMENT POLICY

Discrimination and harassment on grounds of race, gender, color, age, religion, disability, sexual orientation, gender identity or expression, genetic information, national or ethnic origin, military status or any other protected status are forms of misconduct that undermine the institutional mission of the College and thus will not be tolerated. All members of the College community are responsible for maintaining an environment of mutual respect for all persons.

In compliance with Title VI of the Civil Rights Act of 1964 (Title VI), Rhodes College does not permit discrimination on the basis of

race, color, or national origin in any program or activity receiving Federal financial assistance. Inquiries concerning the application of Title VI should be directed to the Title VI coordinators, the Chief Human Resources Officer or the Vice President for Finance and Business Affairs. Student complaints related to sex- or gender-based discrimination or harassment, or sexual misconduct are governed by Title IX of the Civil Rights Act of 1964 and are processed accordingly.

Student concerns pertaining to sex or gender discrimination or harassment, or sexual misconduct are governed by Title IX of the Civil Rights Act of 1964. If a student has been subjected to discrimination or harassment, or has witnessed such, they should contact the College's Title IX office:

ABOUT THE CAMPUS SAFETY DEPARTMENT

The Campus Safety Department provides for the safety and security of all persons and property within the Rhodes community to enable the educational commitment of the College.

Locating the Campus Safety Office within the Rhodes' Division of Student Life puts Campus Safety in close contact with all aspects of student life. The primary mission of the Campus Safety Department is to preserve the safety and security of the campus community to enable the mission of the college to go forward. This mission includes comprehensive efforts aimed at protecting our community from threats to both person and property. Although the Campus Safety staff is a private security and safety force, it is responsible for holding community members accountable for all state and local laws, college policies and procedures, and emergency responses. The Campus Safety Officers achieve this mission by referring reports, cases, or incidents to the Memphis Police Department, Rhodes College Office of Community Standards, Rhodes College Human Resources, Rhodes College Title IX office or internal Rhodes College hearing boards for review and processing. Campus Safety strives to provide support services that are consistent, welcoming, and foster a safe Rhodes Community.

CAMPUS LAW ENFORCEMENT POLICY STATEMENT

Rhodes Campus Safety Officers are not armed in any capacity and are not sworn or commissioned law enforcement personnel. All Rhodes Campus Safety Officers are employees of Rhodes College. Rhodes Campus Safety Officers work on licenses issued by the Tennessee Department of Commerce and Insurance for Unarmed Security Guards with Rhodes College being the Proprietary Organization. The Tennessee Code specifically authorizes security guards to prevent, observe, and detect any unauthorized activity on private property including intrusions, unauthorized entries, larcenies, vandalism, abuses, fires, and trespasses. See Tenn. Code Ann. § 62-35-102(16) (2003). Security guards also enforce rules, regulations and local and state laws on private property. See Tenn. Code Ann. §62-35-102(16)(C) (2003). As security officers, the College explicitly authorizes these officers to prevent and detect any unlawful activity as well as enforce local and state laws. A security officer has the authority to stop and question a suspicious individual on private property. If the security guard arrests the suspect, he or she would be authorized to detain the suspect past his or her consent since the security guard is authorized to enforce state and local law while on private property. See Tenn. Code Ann. § 62-35-102(16)(C) (2003). This encompasses the power of arrest entrusted to the security officer as a private citizen. Under the statutory powers imparted upon security officers to prevent or detect unlawful entries on private property, an officer may stop a vehicle for trespass or any unauthorized activity. See Tenn. Code Ann. § 62-35-102(16) (2003). This authority extends to suspicious vehicles. In defining security guards, Tenn. Code Ann. § 62-35-102(16)(C) recognizes the right of a security guard to control, regulate and direct the flow or movements of the public, whether by vehicle or otherwise on private property. As the agent entrusted to protect the property, the security officer may then expel the suspect from the premises. The security officer may also effect an arrest

as a private citizen. The Tennessee Supreme Court has observed that, in order to arrest, “[i]t is basic statutory law in this state that a private person may arrest another for an offense committed in the presence of the arresting individual, or for a felony not committed in his presence.” See *State v. Smith*, 695 S.W.2d 954, 959 (Tenn. 1985); accord Tenn. Code Ann. § 40-7-109(a) (2003).

WORKING RELATIONSHIP WITH LOCAL, STATE, AND FEDERAL LAW ENFORCEMENT AGENCIES

The Memphis Police Department has primary law enforcement authority on the Rhodes College campus. Rhodes College does not have a memorandum of understanding with the Memphis Police Department although the Campus Safety Department maintains an ongoing working relationship with the Memphis Police Department, Shelby County Sheriff's Office and the local FBI office. Rhodes College is located within the MPD Crump Station Precinct, which not only supports active street patrol units, but houses general investigation detectives at 949 H.E. Crump Memphis TN.

The Campus Safety Office has 24/7 staff that will respond to any report involving a crime or other unusual circumstance. The Campus Safety Department maintains daily crime logs: www.rhodes.edu/crime-and-fire-report.

DAILY CRIME AND FIRE LOGS

The purpose of the daily crime log is to record all criminal incidents and alleged criminal incidents that are reported to the campus police or security department. Because Rhodes College also maintains on-campus student housing facilities, it also publishes a daily fire log.

Both logs for the most recent 60-day period is open to public inspection at: www.rhodes.edu/crime-and-fire-report. The College will provide any portion of the log older than 60 days within two business days of a request for public inspection by contacting Ike Sloas, Director of Campus Safety or at sloasi@rhodes.edu.

REPORTING CRIMES AND OTHER EMERGENCIES

REPORTING TO RHODES CAMPUS SAFETY

Rhodes College strongly encourages any victim of or a witness to a crime that occurs within the jurisdiction of Rhodes College regardless of its nature to report the incident immediately to Campus Safety to ensure it takes prompt and appropriate. For crimes or other emergencies occurring off campus, you should report these to the local law enforcement or first response agency having proper jurisdiction, commonly by dialing 911. If you are unsure of the proper jurisdiction, contact Campus Safety and they will assist you in contacting the proper agency. It is critical when reporting an emergency or crime to provide accurate information ensuring the most informed, fastest, and most appropriate response.

Things to remember when reporting a crime

- Obtain a description of the perpetrator: Attempt to obtain the sex, age, race, hair color, clothing and distinguishable features.

Also, attempt to obtain the vehicle information, such as a plate number, color, type of vehicle and direction of travel.

- Preserve the crime scene: Do not touch any items involved in the incident. Close off the area of the incident and do not allow anyone into the crime scene until the police arrive.
- Sexual assault: If you are the victim of a sexual assault, report it immediately. Preserve the physical evidence. Do not bathe, douche, use the toilet, or change clothing. (Further information is found under Sexual Assault and Rape sections of this report)
- Telephone harassment: Victims should report obscene or threatening telephone calls immediately as well as other harassing phone calls if they persist. If you receive such a call, remain calm and hang up. Do not talk or try to discover who the caller is. If calling persists, keep a log of the times you received the calls, what the caller said, and a description of the caller's voice.
- Bomb threats: If you know of a bomb threat, report it immediately to Campus Safety at ext. 3880. Notify your supervisor, department head then wait for instructions.

VOLUNTARY, CONFIDENTIAL REPORTING

- An anonymous report means campus officials do not know the identity of the person making the report.
- A confidential report is one where the identity of the reporter is unknown to personnel beyond the official receiving the report. Individuals can confidentially discuss incidents, misconduct or crimes with one of the following College “confidential resources” staff:
 - Student Counseling Center staff - Moore-Moore Student Counseling Center: 901-843-3128
 - Any member of the Student Health Services staff located at the Moore-Moore Student Health Center: 901-843-3895
 - Chaplain Beatrix Weil: 901-843-3822

Members of the Rhodes community or third parties may make reports via the Title IX report portal at: https://cm.maxient.com/reportingform.php?RhodesCollege&layout_id=50.

The Rhodes College Campus Safety annually notifies CSAs in writing of their role and responsibilities for reporting crimes in accordance with this policy. Campus Safety facilitates CSA training, and establishes the method and delivery of training based on their roles and responsibilities. These methods may include on-line training, in person training, or training in the form of written materials.

PASTORAL AND PROFESSIONAL COUNSELORS

There are two types of individuals who, although they may have significant responsibility for student and campus activities, are not considered CSAs.

Professional counselor: A person whose official responsibilities include providing mental health counseling to members of the institution's community and who is functioning within the scope of the counselor's license or certification. Rhodes College has a fully staffed Counseling Center. Call (901) 843-3128, walk in, or email counseling@rhodes.edu to schedule an appointment. The Student Counseling Center is open from 8:30 – 5:00, Monday through Friday. To schedule an appointment during regular office hours, please call (901) 843-3128. Appointments are preferred when possible, but walk-ins are welcome and counselors will see students as soon as possible. The Counseling Center is located in the Moore-Moore Building adjacent to the Refectory. The Student Counseling Center provides short-term individual counseling and group counseling for students who are experiencing problems that are emotionally overwhelming or that are interfering with their capacity to perform to the best of their ability. For more information, visit: <https://sites.rhodes.edu/counselingcenter>

Pastoral counselor: A person recognized by a religious order or denomination as someone who provides confidential counseling, and is functioning within the scope of that recognition as a pastoral counselor. At Rhodes, that person is Beatrix Weil, the Chaplain: weilb@rhodes.edu | 901-843-3822 |. She is a confidential resource for emotional and spiritual support and her office is at Burrow Hall 421

Professional and pastoral counselors verbally advise students about options to voluntarily and confidentially report crimes for inclusion in the Rhodes College annual crime report.

MONITORING AND RECORDING OF CRIMINAL ACTIVITY AT NON-CAMPUS LOCATIONS OF STUDENT ORGANIZATIONS

Rhodes College does not have any student organizations that maintain off-campus buildings or properties.

SECURITY OF AND ACCESS TO RHODES COLLEGE FACILITIES

All Residence Halls are locked 24-7, accessible only to authorized students and staff using controlled access fobs. All Academic

buildings are open generally 7am to 7pm daily, hours vary on the weekends and holidays. All Academic buildings have 1-2 fobbed door(s) to access to faculty/staff and students after hours, weekends, and holidays. Bailey gate is open 24-7 and staffed with a Rhodes Campus Safety Officers to monitor access. Phillips (staffed) and North Parkway Gate (fob) are accessible 7am to 7pm daily, hour vary on the weekends and holidays. The West Campus and Parkway Hall parking gates are fobbed access 24-7. All walking gates are locked 24-7, accessible only to authorized students and faculty/staff using controlled access fobs.

ACCESSING RESTRICTED AREAS

Students may need access to certain academic and administrative buildings in pursuit of their studies after the College has locked these buildings at the end of the day and on weekends. At the same time, the College has the responsibility to ensure that students utilizing these facilities work and study in a safe and secure environment. Accordingly, students will use the following building access control systems:

- When students need to have access to a certain academic office or administrative space, they must ask the appropriate departmental representative to authorize them to enter the room during a specified time. Campus Safety must have this authorization retained on file.
- Most academic buildings and administrative buildings, including classrooms, are accessible to students after hours by FOB. Rhodes secures individual offices and restricted spaces which the College prohibits entry to, unless the community member has obtained previous authorization as outlined above.
- Access to students' rooms for anyone other than the registered occupant must always have the authorization of the Residence Life or Student Life Administrative Staff. This includes parents, family members, and friends of the registered occupant.

GUESTS AND VISITORS

Rhodes has always welcomed guests and visitors to the campus. However, we also recognize that there are certain identification, safety and security problems attendant with this practice. Therefore, it is essential that the College establish guidelines to insure the wellbeing of the college community. While it is impossible to cover every variable, the following general policies apply with respect to visitors to the campus. Visitors to the campus are generally prospective students and parents, alumni, and those who have business with academic or administrative departments. Once security officers have confirmed the identity and purpose of these persons they should always be made to feel welcome and accorded the same amenities that faculty, staff and students are allowed. Rhodes expects guests to remain under the auspices of the host student and the host student bears the responsibility for the guest's behavior and compliance with campus policy. No community member should ever loan Rhodes accessible keys to guests. The College does not allow guests during exams or senior week. College officials will ask guests completely abandoned by a host to leave the campus. Hosts may not transfer responsibilities for a guest from one student to another. Students expecting a visitor, who is not staying overnight, may call the Campus Safety Welcome Centers (Bailey - #3894; Phillips - #3883) or have the guest sign in at either Welcome Center. If you're unable to connect to a Welcome Center, you may call the Campus Safety Control Center at #3880.

BUILDING ACCESS REPAIRS

Should a building access protection device (lock, Fob or door) need maintenance call Campus Safety at Ext. 3880 or enter a work order request via the Physical Plant 24hr online work order system.

ROOM KEY AND FOB REPLACEMENT

The College replaces keys and fobs that are either lost or damaged by accessing the work order system on express.rhodes.edu and completing the order form. There is a cost associated with key and fob replacement.

ESCORTS

Anyone walking across campus at night, needing assistance carrying something to their vehicle or requiring a ride may call Campus Safety (901-843-3880) for an escort 24-7.

Rhodes College Campus Safety maintains (2) two patrol units to manage escort requests 24/7. Rhodes College Campus Safety also maintains (3) three golf carts to assist with escorts. In general, student workers with the Lynx Kat program within Campus Safety staff these carts.

TIMELY WARNING AND CRIME ALERTS

When the College learns of a crime that may represent an on-going or continuing threat to Rhodes College community, the College takes the following steps:

- The Director of Campus Safety or their designees consults with the Dean of Students and Director of Communications or their designees to determine if a report represents such a threat.

- If the team determines that they should send an alert, the Director of Campus Safety or their designees drafts the message, if needed utilizing the assistance of the Director of Communications or their designees. The Dean of Students or their designees will review it prior to distributing the message.
- Generally, Rhodes distributes this information by email. The department issues/posts Timely Warning for incidents of all Clery Act crimes that pose a significant or on-going threat to the safety of the campus. Campus Safety reviews each of these reports discretely and carefully to assess whether it creates such a threat.

See the Critical Communication Page at: <https://www.rhodes.edu/student-life/services-support/campus-safety/safety-resources/critical-campus-safety-communications>

EMERGENCY RESPONSE AND EVACUATION PROCEDURES

EMERGENCY MANAGEMENT AT RHODES COLLEGE

If a situation arises that warrants an evacuation of campus (e.g. hazardous material leak, chemical spill, catastrophic weather, etc.), the President/Senior Leadership team will communicate through Student Life and the Communications Department to initiate the Rhodes College emergency evacuation plan. The Dean of Students or designee will notify all students, faculty, and staff to vacate the Rhodes College campus. The College's alert system will provide instructive for evacuation. That system, RhodesAlert: uses text messaging, emails, and website updates.

Rhodes College Campus Safety will check all campus buildings to ensure that they are secure throughout the evacuation. Critical emergency personnel and the live-on campus staff are the only employees allowed to remain on the Rhodes Campus after its official closure and evacuation. The College expects these employees to remain on-duty throughout the emergency until dismissed by the Dean of Students. Critical emergency personnel may be relocated off-campus if the situation warrants. Faculty/staff who are able to travel home should do so immediately. Students who are able to travel home should do so immediately. If the students are able to host friends that are unable to make it home, it is highly encouraged. If not evacuating by personal vehicle, we advise students to secure available air, train, or bus transportation.

DRILLS, EXERCISES AND TRAINING

Rhodes College tests its warning system(s) at least once annually. These are generally announced tests. Scheduled drills such as text alert testing are coordinated efforts that contain action items like active shooter/tornado training. They are sent campus-wide and completed by everyone. Analytics about the texting test are reviewed and recorded with each drill along with drill information and opportunities for follow up training. Rhodes provides emergency response and evacuation procedures at least annually campus wide.

* Annual Campus wide testing of RhodesAlerts:

* Annual Campus wide Emergency Response tabletop with Policy Group and Emergency Operation Group.

EMERGENCY NOTIFICATION POLICY AND PROCEDURES

Before students leave campus, all students must fill out an emergency evacuation form: https://cm.maxient.com/reportingform.php?RhodesCollege&layout_id=6

The form includes the name of the student, the destination where the student will be residing during the evacuation, and contact information. Rhodes emergency staff provides students unable to evacuate with information about relocating to a temporary emergency shelter at the staging areas. Buses and/or vans will pick up students at a predetermined time to transport students to the emergency shelter. The College officials will strictly enforce designated departure time of the buses and/or vans. Those who fail to report to the loading area will accept responsibility for their personal safety. The critical emergency personnel staff members will take turns staying with the Rhodes students at the emergency shelter. Students going to the emergency shelter still need to fill out an emergency evacuation form. Students going to the emergency shelter should expect very limited accommodations. This may include sleeping on an open gym floor without cots. As occupants of the emergency shelter, students must abide by the rules of the shelter and college policies are still in effect. The College will keep students up to date on the status of the college evacuation with the RhodesAlert texting system.

The critical emergency personnel will review the emergency evacuation forms to account for all students. The emergency personnel will make efforts to contact and determine the whereabouts of students who did not fill out an emergency evacuation form (this includes calling home to parents). After this step, officials will share the names of students who are still unaccounted with local/state/federal agencies to use additional resources to locate the student.

AFTERMATH PLANS

Once the emergency has passed, the President/Senior Leadership will determine when it is safe to return to campus. Post-emergency response teams will inspect all buildings, grounds, and utilities for damages. If inspectors deem the college is safe:

- A. The critical emergency personnel member who is residing with the students in the emergency shelter will announce a departure time and designated loading area to the sheltered students.
- B. All students will receive an emergency text, email and update via website via the RhodesAlert: texting system that it is safe to return to campus.
- C. Students will not be allowed to return to campus until their housing assignments are ready for occupancy (in the event that some but not all of the campus facilities are damaged). If the college is deemed unsafe and/or will be closed for a prolonged period:
- D. Sheltered students and emergency personnel will make plans for long-term relocation. The College expects students and emergency staff to make their way to the nearest airport,

train station, or bus station so they may make appropriate travel plans. All expenses incurred will be the individual's responsibility.

Rhodes will keep students, staff, and faculty informed on the status of the college through the Rhodes College RhodesAlert: texts, Rhodes emails, and website updates.

IMMINENT EMERGENCY COMMUNICATION PROCEDURES

When a crime or other significant emergency poses a threat to the campus community, the College will issue a timely warning or emergency notification. There are two types of threats; those that pose an imminent threat campus members and require immediate action, and those that allow community members to make informed choices in their day-to-day activities (timely warnings).

IMMINENT THREATS

1. When the College experiences an immediate threat to life or a significant safety hazard, the Director of Campus Safety, Dean of Students, Director of Communications or their designee or will alert faculty, staff, and students immediately, by the most appropriate means possible. This notice will most likely contain a short text (RhodesAlert) mandate depending upon the situation and information available, and a reason for the mandate. (Example: Tornado warning for Rhodes College - go to the lowest interior area of the building. Avoid windows and doors.) Rhodes College is equipped with several tools to communicate emergency situations. These include, but are not limited to email, RhodesAlert (Mass texting) and an addressable outdoor warning system.
2. Rhodes College uses a variety of sources to confirm there is an immediate threat to campus that requires immediate communication with the campus. Information is often processed based on incoming data from reporting parties, witnesses, students, Faculty/Staff, local media, local police and any others useful source. The Director of Campus Safety, Dean of Students, Director of Communications, or their designees collect and process this information prior to the notification.

Rhodes College can separate emergency notification by students, staff or faculty and parents in the emergency texting and email systems when it determines that only a certain segment of the campus community requires the message. Rhodes will notify the entire campus community when there is at least the potential of impact on a very large segment of the community by the situation.

If the College only notifies a segment of the campus population, there will be a continuing assessment of the situation and notification of additional segments of the campus community if a situation warrants such action. The Director of Campus Safety, Dean of Students, Director of Communications or their designee will determine how much information is appropriate to disseminate at different points in time. Depending on what segments of the Rhodes College community it notifies, the content may differ. In the case of tornado, we may tell residents to take shelter but we may tell commuter students to stay away from the campus.

Rhodes College has 24-7 Campus Safety officers who respond to incidents and upon arriving to the scene and investigating can give directions to the Campus Community. As the Director of Campus Safety, Dean of Students, Director of Communications or their designees receive information; they will then send the notification to the Campus Community. The Director of Campus Safety, Dean of Students or appropriate designee should continue to communicate updates in this fashion until such time that the imminent threat no longer exists or it is minimized.

1. Rhodes College will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency.
2. The Director of Campus Safety, Dean of Students, Director of Communications or their designee are responsible for section 2 above.
3. Rhodes College has various systems that in place for communicating information quickly to the campus community:

RHODES COLLEGE RESPONSE TO SEXUAL AND GENDER VIOLENCE

INTRODUCTION

Rhodes College is committed to ensuring a safe learning environment that supports the dignity of all members of the Rhodes community. Rhodes does not discriminate on the basis of sex or gender in any of its education or employment programs and activities. To that end, this policy prohibits specific forms of behavior that violate Title IX of the Education Amendments of 1972 and which are antithetical to the educational mission of Rhodes. Rhodes will not tolerate sexual misconduct, and prohibits it. It includes, but is not limited to, domestic violence, dating violence, sexual assault, sexual exploitation, sexual harassment, and stalking. Rhodes strongly encourages students to report instances of sexual misconduct immediately. Employees are required to report such instances, pursuant to Rhodes' Employee Handbook and Rhodes' Mandatory Reporter Policy. The policies and procedures are intended to ensure that all students involved in a Title IX case receive appropriate support and fair treatment, and that allegations of sexual misconduct are handled in a prompt, thorough, and equitable manner. Relevant terms are defined below. Maintaining an atmosphere of free inquiry is crucial to the teaching and research mission of the College. This policy is not intended to inhibit or prohibit educational content or discussions inside or outside of the classroom that include controversial or sensitive subject matters protected by academic freedom. Academic freedom extends to topics that are pedagogically appropriate and germane to the subject matter of courses or that touch on academic exploration of matters of public concern. Rhodes will review, evaluate, and

make any revisions or amendments to this policy on an ongoing and as-needed basis. General inquiries about the application of this policy should be directed to the College's Title IX Coordinator:

REPORTING AN INCIDENT + PROCEDURES VICTIMS SHOULD FOLLOW

The College is acutely aware that an individual who has been subjected to, or who knows of or who has witnessed a sex offense may experience physical, mental and emotional trauma as a result of the incident. A victim of sexual violence (e.g., sexual assault, dating violence, domestic violence, stalking) is encouraged to follow these procedures immediately following the occurrence, when possible:

- A. Get to a safe place immediately and call someone you trust.
- B. If sexual contact and/or penetration occurred, do not wash, shower, bathe, use the toilet or change clothing. Preserve any evidence as would be necessary to prove the offense, or in obtaining a judicial protective order, restraining order, and/or no-contact order. Examples of such evidence include: Clothing worn during the incident, including but not limited to undergarments;

College also encourages you to go, or have someone else take you, directly to a medical facility or medical provider of your choice. In Memphis, the Shelby County Rape Crisis Center is the only location where trained Sexual Assault Nurse Examiners are authorized to perform a forensic examination and collect evidence for use in a criminal proceeding. To contact the Shelby County Rape Crisis Center please call (901) 222-4350.

- E. The College will assist an individual who has been subjected to, who knows of, or who has witnessed an incident of Sexual Misconduct in obtaining the services of counseling professionals, if requested. The College encourages you to seek support services. For on-campus student counseling services, contact the Counseling Center at (901) 843-3128. For off-campus counseling and advocacy services, contact the Shelby County Rape Crisis Center at (901) 222-4350. The College will provide as much assistance as possible but cannot assume financial responsibility for such services.

All members of the campus community are encouraged to seek resources and support related to sex/gender discrimination and sexual misconduct proceedings, including Respondents, witnesses and bystanders. For more information, see Rhodes' Title IX website: <http://sites.Rhodes.edu/TitleNine>

STATE OF TENNESSEE DEFINITIONS APPLICABLE TO THE VIOLENCE AGAINST WOMEN ACT OFFENSES

Dating Violence – Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the alleged victim. The existence of such a relationship will be determined based on a consideration of the length of the relationship; the type of relationship; and the frequency of interaction between the persons involved in the relationship. Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. Dating violence does not include acts covered under the definition of domestic violence. 34 C.F.R. § 668.46.

Domestic Violence – Under Tennessee law, a person commits domestic assault when they intentionally, knowingly or recklessly cause bodily injury, a reasonable fear of imminent bodily injury, or physical contact that would be regarded as extremely offensive or provocative to a reasonable person in the following categories:

- a. Individuals who are current or former spouses or intimate partners;
- b. Persons who share a child in common;
- c. Persons who currently live together or have formerly lived together as spouses or intimate partners;
- d. A person similarly situated to a spouse of the victim under the domestic or family violence laws of the school's jurisdiction, or
- e. Any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the State of Tennessee.

Rape – "Sexual penetration" is defined under Tennessee law as sexual intercourse, cunnilingus, fellatio, anal intercourse, or any other intrusion, however slight, of any part of a person's body or of

any object into the genital or anal openings of any other person's body. Such contact is deemed non-consensual if done without the other person's affirmative consent (see definition below).

Fondling – "Sexual contact" is defined under Tennessee law as the intentional touching of another person's intimate parts, or the intentional touching of the clothing covering the immediate area of the other person's intimate parts, if that intentional touching can be reasonably construed as being for the purpose of sexual arousal or gratification. Such contact is deemed non-consensual if done without the other person's affirmative consent (see definition below).

Incest – A person commits incest who engages in sexual penetration as defined in § 39-13-501, with a person, knowing the person to be, without regard to legitimacy:

- The person's natural parent, child, grandparent, grandchild, uncle, aunt, nephew, niece, stepparent, stepchild, adoptive parent, adoptive child; or
- The person's brother or sister of the whole or half-blood or by adoption.

Statutory Rape – Statutory rape is the unlawful sexual penetration of a victim by the defendant or of the defendant by the victim when:

1. The victim is at least thirteen (13) but less than fifteen (15) years of age and the defendant is at least four (4) years but less than ten (10) years older than the victim; or
2. The victim is at least fifteen (15) but less than eighteen (18) years of age and the defendant is more than five (5) but less than ten (10) years older than the victim.
3. Aggravated statutory rape is the unlawful sexual penetration of a victim by the defendant or of the defendant by the victim when the victim is at least thirteen (13) but less than eighteen (18) years of age and the defendant is at least ten (10) years older than the victim.

Consent – Means an affirmative, conscious decision by each participant to engage in mutually agreed-upon sexual activity. All five of the following elements are essential in order to have affirmative consent. If one or more of the following is absent, there is no affirmative consent.

- A. *Consists of Mutually Understandable Communication:* Communication regarding consent consists of mutually understandable words and/or actions that indicate an unambiguous willingness to engage in sexual activity. In the absence of clear communication or outward demonstration, there is no consent. Consent may not be inferred from silence, passivity, lack of resistance or lack of active response. An individual who does not physically resist or verbally refuse sexual activity is not necessarily giving consent. Relying solely upon non-verbal communication can lead to a false conclusion as to whether consent was sought or given. Verbal communication is the best way to ensure all individuals are willing and consenting to the sexual activity.

- B. *Informed and Reciprocal:* All parties must demonstrate a clear and mutual understanding of the nature and scope of the act to which they are consenting and a willingness to do the same thing, at the same time, in the same way.

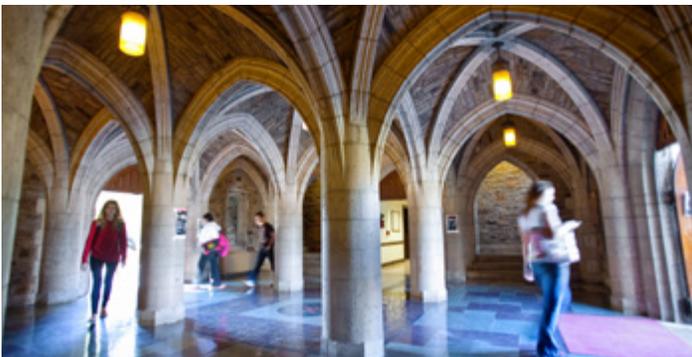

C. *Freely and Actively Given*: Consent cannot be obtained through the use of force, coercion, threats, intimidation or pressuring, or by taking advantage of the incapacitation of another individual.

D. *Not Unlimited*: Consent to one form of sexual contact does not constitute consent to all forms of sexual contact, nor does consent to sexual activity with one person constitute consent to activity with any other person. Each participant in a sexual encounter must consent to each form of sexual contact with each participant. Even in the context of a current or previous intimate relationship, each party must consent to each instance of sexual contact each time. The consent must be based on mutually understandable communication that clearly indicates a willingness to engage in sexual activity. The mere fact that there has been prior intimacy or sexual activity does not, by itself, imply consent to future acts.

E. *Not Indefinite*: Consent may be withdrawn by any party at any time. Recognizing the dynamic nature of sexual activity, individuals choosing to engage in sexual activity must evaluate consent in an ongoing manner and communicate

clearly throughout all stages of sexual activity. Withdrawal of consent can be an expressed “no” or can be based on an outward demonstration that conveys that an individual is hesitant, confused, uncertain, or is no longer a mutual participant. Once consent is withdrawn, the sexual activity must cease immediately and all parties must obtain mutually expressed or clearly stated consent before continuing further sexual activity.

ACCOMMODATIONS

Any Rhodes College student or employee, or anyone else who reports an incident of sexual violence, whether the offense occurred on or off campus, shall receive a written explanation of their rights and options. This written explanation identifies existing counseling,

health, mental health, victim advocacy, legal assistance, visa and immigration assistance, and other services available for victims, both within the institution and in the community; and describes options for available assistance in; and how to request changes to academic, living, transportation, and working situations or protective

measures. Rhodes College must make such accommodations or provide such protective measures if the victim requests them and if they are reasonably available, regardless of whether the victim chooses to report the crime to Rhodes Campus Safety or local law enforcement.

CONTACT WITH THE COMPLAINANT AND SUPPORTIVE MEASURES

Upon receiving a report of sexual harassment, the Title IX Coordinator will promptly contact the Complainant confidentially to discuss the availability of supportive measures (as explained more fully below), consider the Complainant's wishes with respect to supportive measures, inform the Complainant that supportive measures are available with or without the filing of a formal complaint, and explain to the Complainant the process for filing a formal complaint. The Title IX Coordinator will also contact the Respondent and any other members of the Rhodes community who have been affected by the alleged conduct and offer reasonable supportive measures. Reasonable supportive measures are non-punitive, individualized services offered as appropriate, as reasonably available, and without fee or charge.

Supportive measures shall be balanced based on the facts collected, seriousness of the allegations, and the potential safety risks posed to the Rhodes community. Supportive measures are designed to restore or preserve equal access to Rhodes' education programs and activities without unreasonably burdening the other party, including measures designed to protect the safety of all parties or Rhodes' educational environment, or to deter sexual harassment. Rhodes will maintain as confidential any personal supportive measures provided to only the Complainant or only to the Respondent, to the extent that maintaining such confidentiality would not impair its ability to provide the supportive measures (for example, not applicable to mutual no contact orders).

Supportive measures, among other things, may include:

1. Extension of deadlines or other course-related adjustments;
2. Modification of work or class schedules;
3. Assistance in connecting to counseling services;
4. Assistance in connecting to medical services;
5. Providing an escort to and from classes;
6. Changes in work or housing locations;
7. Arranging a leave of absence;
8. Assistance with obtaining personal protective orders from a court;
9. Increased security and monitoring of certain areas of campus;
10. Mutual restrictions on communication or contact between the parties ("no contact orders"); or
11. A combination of any of these measures.

The Title IX Coordinator will coordinate the supportive measures.

Notwithstanding the above, Rhodes may:

1. Remove a Respondent from an educational program or activity on an emergency basis after a safety and risk analysis determines that an immediate threat to the physical health

or safety of a student or other individual justifies removal. In such a case, the Respondent will be provided with notice and an opportunity to promptly challenge the decision.

2. Place a non-student employee Respondent on administrative leave during the pendency of the complaint resolution process.

ANONYMOUS AND CONFIDENTIAL REPORTING

An individual can make an anonymous report of a violation of the College's Title IX Policy but if the anonymous reporter does not provide sufficient information for Rhodes to offer supportive measures or conduct an investigation, the College may request the reporter to provide more information. If the reporter declines to do so, and the Title IX Coordinator reasonably determines that Rhodes cannot, through the exercise of reasonable diligence, take meaningful action in response to an anonymous report, the matter will be closed. The anonymous reporting form can be found on the College's website (<http://sites.Rhodes.edu/TitleNine>). The Title IX Coordinator will receive the anonymous report and will determine any appropriate steps, including individual or community remedies, as appropriate.

Additionally, a person can make a report requesting confidentiality. In such instances, the Title IX Coordinator must weigh the request for confidentiality against the College's obligation to provide a safe, non-discriminatory environment for all students and employees, the effect of confidentiality on Rhodes' ability to provide supportive measures or properly investigate and resolve a report of sexual harassment, and the respective rights and obligations of the parties to a Title IX matter.

In any instance where Rhodes determines it must deny or modify a request for confidentiality, the Title IX Coordinator will inform the requesting individual prior to making the disclosure to anyone beyond necessary College officials. Any such disclosure will be limited to individuals with a need to know the information. Consistent with FERPA's prohibition on re-disclosure of confidential information, any recipient is prohibited from using or disclosing other people's confidential information, learned as a result of participation in any investigation or proceeding under this Policy outside of such forums without express consent or for any improper purpose.

BYSTANDER INTERVENTION AND RISK REDUCTION

BYSTANDER INTERVENTION

Bystanders may play a critical role in the prevention of violence. Bystanders are individuals who witness an act of violence or a situation posing the risk of violence and who may be in a position to intervene in an effective manner to preserve the health and safety of all those involved. Rhodes College strives to promote a culture of care and community accountability in which bystanders are actively engaged in the prevention of violence without causing further harm. Bystanders may not always know what to do even if they want to help.

RISK REDUCTION

The victim is not to blame for criminal behavior. The following are offered only as potential strategies to reduce one's risk of harm:

- Be aware of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
- Try to avoid dark or isolated areas. It is more difficult to get help if no one is around.
- Familiarize yourself with the blue light emergency phone locations around campus.
- Walk with confidence and purpose. Even if you do not know where you are going, act like you do.
- Have a code word to use with your friends or family, so that if you do not feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.
- If you and/or the other person have been drinking, you can say that you would rather wait until you both have your full judgment before engaging in sexual activity.
- Be true to yourself. You should not feel obligated to do anything that you do not want to do. "I don't want to" is always a good enough reason. Only do what you feel comfortable doing.
- Ask Campus Safety for a ride. Bailey Gate is Staff 24-7 and the Campus Safety officer at 901-843-3880

Rhodes College uses Green Dot, a bystander intervention program coordinated by the Office of Violence Prevention. All faculty, staff and students at Rhodes College may participate in bystander intervention training offered by the Title IX office.

EDUCATIONAL PROGRAMMING

Rhodes College is committed to increasing the awareness of and preventing sexual violence. The College offers all incoming students and new employees with programming and strategies intended to prevent rape, acquaintance rape, sexual assault, domestic violence, dating violence, and stalking before it occurs through the changing of social norms and other approaches. These include a clear statement that Rhodes College prohibits such acts, their definitions, the definition of consent, options for bystander intervention, information about risk reduction, and our policies and procedures for responding to these incidents. The College also offers ongoing prevention and awareness campaigns throughout the year. These programs include:

- Everfi – nationally produced sexual and interpersonal violence reduction program; and
- Green Dot – nationwide educational multimedia sexual and interpersonal violence awareness program.

FORMAL COMPLAINT PROCESS

A Complainant may, but is not required to, file a formal complaint. If the Complainant does not wish to file a formal complaint, and thus trigger an investigation and the complaint resolution process, the Complainant's wishes will generally be respected, except that the Title IX Coordinator may sign a formal complaint to initiate an investigation over the wishes of the Complainant if the Title IX Coordinator determines that a formal complaint is

needed to guarantee equal access to educational opportunities for Rhodes students and/or employees and such determination is not clearly unreasonable in light of the known circumstances. If a formal complaint is filed, either by the Complainant or the Title IX Coordinator, Rhodes will begin the investigation and complaint resolution process set forth in Section X of this Title IX Policy. If a Complainant and the Title IX Coordinator decide not to file a formal complaint, Rhodes cannot conduct a Title IX investigation or use the complaint resolution process set forth in this Policy, and no disciplinary action may be taken against the Respondent.

INVESTIGATION AND RESOLUTION PROCESSES

A. Preliminary Review

Rhodes will gather and review all reports of sexual harassment reported to the Title IX Coordinator, the Provost or the Chief Human Resources Officer. In this phase, the Title IX Coordinator will conduct a limited investigation to determine if the alleged conduct reported is covered by Rhodes' Title IX Policy. If the Title IX Coordinator determines that the alleged conduct is not covered by Rhodes' Title IX Policy, the Title IX Coordinator will close the matter under Title IX but may take other action pursuant to Appendix A.

If the Title IX Coordinator determines that the alleged conduct is covered by Rhodes' Title IX Policy, the Title IX Coordinator will consult with the Complainant to determine if the Complainant wishes to file a formal complaint and review other available resources and options, including requesting supportive measures, as discussed above. Even if the Complainant does not wish to file a formal complaint, the Title IX Coordinator may file a formal complaint if they determine that the reported conduct implicates Rhodes' Title IX obligations to maintain a safe and non-discriminatory campus environment. Regardless of whether a formal complaint is filed, the Title IX Coordinator will make supportive measures available to all parties.

B. Filing a Formal Complaint

At the time of filing a formal complaint, a Complainant must be participating in or attempting to participate in an education program or activity of the College. A formal complaint filed by a Complainant must include the Complainant's physical or digital signature or otherwise indicate that the Complainant is the person filing the formal complaint. Where the Title IX Coordinator signs a formal complaint, the Title IX Coordinator is not a Complainant or a party during a complaint resolution process and must comply with requirements for Title IX personnel to be free from conflicts and bias. Upon receipt of a formal complaint, the Title IX Coordinator will promptly provide written notifications to all known parties. This notification will include the following information:

1. Notice of the allegations constituting potential sexual harassment, including all relevant details known at the time, with sufficient time to prepare a response before any initial investigative interview. These details will include, at a minimum, the identities of the parties involved in the incident(s), if known, the alleged conduct that could constitute sexual harassment, and the date and location of the alleged incident(s), if known. If, in the course of an investigation,

the College decides to investigate allegations that are not included in the original notice, the College will provide notice of the additional allegations to the parties whose identities are known;

2. A statement that the Respondent is presumed not responsible for the alleged conduct unless a determination regarding responsibility is made at the conclusion of the complaint resolution process;
3. A description of Rhodes' complaint resolution process, including the rights and responsibilities of the parties during the investigation, hearing, and appeal process, and the availability of any informal resolution process (as set forth more fully in this Title IX Policy);
4. A statement that the parties may have an advisor of their choice, who may be, but is not required to be, an attorney; and
5. A statement that the parties may inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint, including evidence that Rhodes does not intend to rely on in reaching a determination.

In the Title IX Coordinator's discretion, Rhodes may consolidate multiple formal complaints where the allegations arise out of the same facts or circumstances.

Unless the formal complaint resolution process results in a determination that a Respondent was responsible, Rhodes will not impose disciplinary actions or take any other actions under this Policy that are not supportive measures.

At the discretion of the Title IX Coordinator, a temporary delay or limited extension of deadlines in the formal complaint process may be granted for good cause. Good cause includes the absence of a party, advisor or witness; concurrent law enforcement activity; or the need for language assistance or the accommodation of disabilities.

C. Dismissal of a Formal Complaint

If the allegations in a formal complaint are not within the scope of this Policy because they do not meet the Title IX definition of sexual harassment, or because the alleged activities did not occur in Rhodes' education program or against a person in the United States, then the Title IX Coordinator shall dismiss the formal complaint for purposes of Title IX.

At any time during the investigation or complaint resolution hearing, Rhodes may dismiss the formal complaint under the following circumstances:

1. A Complainant notifies the Title IX Coordinator in writing that they would like to withdraw the formal complaint in whole or in part. In such instance, the Title IX Coordinator may, in their discretion, sign the formal complaint to continue the process.
2. The Respondent is no longer enrolled in or employed by Rhodes.
3. Specific circumstances prevent Rhodes from gathering evidence sufficient to reach a determination as to the formal complaint, in whole or in part.

Upon dismissal, the Title IX Coordinator will promptly send written notice of the decision to dismiss the complaint and

the reasons for such decision to both parties. Even if the formal complaint is dismissed, however, Rhodes still may address the allegations pursuant to Appendix A. When a formal complaint is dismissed, supportive measures may be continued.

D. Investigation After a Formal Complaint is Filed

1. Appointment of Investigator

Once a formal complaint is filed, the Title IX Coordinator will appoint an investigator ("Investigator") to handle the investigation. This Investigator will be a different person than the Title IX Coordinator, and will be properly trained on Title IX and free of conflict of interest or bias towards either Complainant or Respondent. The Investigator will begin an investigation as soon as practicable and generally not later than ten (10) days after written notice of the formal complaint has been delivered to all parties.

2. Use of Advisors and Supporters

During the investigation process, each party will have the same opportunity to select an advisor of the party's choice who may be, but need not be, an attorney. Rhodes will provide a pool of trained advisors from which the parties may choose.

The adviser may assist with all written submissions made by a Complainant or a Respondent, may assist with preparing questions or other information for the Complainant or the Respondent to use at the hearing, and may facilitate scheduling and other processes. During any pre-hearing meeting or proceeding, the adviser may be present to observe and provide support and counsel to the participant. The adviser may not, at this stage, present evidence on a party's behalf, present argument, examine witnesses, testify, or disrupt or otherwise obstruct meetings or proceedings.

Should a matter proceed to a complaint resolution hearing, advisors for both the Complainant and the Respondent are permitted to ask questions of the Investigator, the Complainant, the Respondent and any witnesses.

If a party does not choose an advisor for the hearing, Rhodes will provide one without fee or charge to ask questions of witnesses on behalf of that party. The advisor may be, but is not required to be, an attorney. A party who has not chosen an advisor must notify the Title IX Coordinator in writing at the same time the party provides a list of expected attendees and witnesses.

Both Claimants and Respondents may also choose a designated Supporter. The role of the Supporter is primarily to provide emotional support during the process by accompanying the Claimant or Respondent to any hearing, conference or related proceeding. The Claimant and the Respondent may choose any person, regardless of their association with the College, to perform the role of Supporter and to support them through a portion of or the entire Title IX process. Neither party is required to have and be accompanied by a Supporter; however, the College encourages the presence of a Supporter at all stages of the proceedings, including the reporting and investigation

stages, in order to provide the Claimant and Respondent with emotional and personal support. The Supporter may be present during any stage of these processes but will not be allowed to make opening or closing statements, present evidence, make procedural objections, question witnesses, or otherwise actively participate during complaint resolution hearings and informal resolution conferences.

Rhodes may limit the quantity of people in attendance at hearings, conferences and related disciplinary proceedings but will not interfere with parties' choices of specific attendees. A fact witness can serve as an Advisor / Supporter and will not be prohibited from testifying as a witness, but they will be subject to the witness sequestration rule and subject to exclusion from most parts of the complaint resolution hearing. There is no restriction on former Advisors or Supporters testifying as fact witnesses.

3. Conduct of the Investigation

The Investigator collects and examines the facts and circumstances of the alleged conduct and provides an investigative report to the Title IX Coordinator. Although the burden of investigation remains on the College, the Investigator will provide equal opportunity for the parties to present fact and expert witnesses and other inculpatory and exculpatory evidence.

The Investigator will send written notice of any investigative interviews or meetings involving the parties to the parties and their advisors, allowing each party adequate time to prepare in advance.

The Investigator will complete the investigation as quickly as possible, generally within sixty (60) days. The amount of time needed to complete an investigation will depend in part on the nature of the allegation(s) and the evidence to be investigated (e.g., the number and/or availability of witnesses involved), as well as the College's academic calendar.

The Complainant, Respondent, witnesses, and others sharing information with the Investigator are expected to provide all relevant and truthful information and to do so at their earliest opportunity to facilitate prompt resolution. Medical records will not be received by the Investigator without the written consent of the subject of the medical records. Rhodes' students and employees remain subject to the policies in the Student and Employee Handbooks during investigations and may be subject to discipline for failing to provide information, making false statements or knowingly submitting false information during the investigation.

Rhodes will keep the parties reasonably informed of the status of the investigation. If it is determined that more time is needed for the investigation, Rhodes will communicate the additional estimated amount of time needed to complete the investigation.

When the investigation is complete, the Investigator will provide the parties with a preliminary report, which will include, as applicable, the Complainant's statement, the Respondent's statement, each witness statement, and either a copy or written summary of any other evidence obtained as part of the investigation that is directly related to the allegations

raised in the formal complaint. The preliminary report will be provided in an electronic format that restricts the parties from downloading or copying the evidence. Each party will have ten (10) days to review the preliminary report and to provide written feedback. Each party's written feedback, if any, will be attached to the final investigative report.

After consideration of the parties' final responses to the preliminary report, or after ten (10) days have elapsed without comment, the Investigator will prepare and send to the parties and to their advisors a final investigative report that includes the parties' written feedback, if any. The report will be in electronic format or hard copy. The parties will have at least ten (10) days after receipt of the final investigative report to prepare for any scheduled hearing.

The parties may also provide a written response to the final investigation report to the Title IX Coordinator within five (5) days of receipt of the final investigative report so that the party's response will be available to both parties and the decision-maker(s) prior to the hearing. If warranted, the Investigator may choose to update the final investigative report to take a party's response into account, in which case the hearing date may be postponed.

4. Coordination with Law Enforcement

If Rhodes is made aware that there is a concurrent criminal investigation, the Investigator will inform any law enforcement agency that is conducting its own investigation that a Rhodes investigation is also in progress. The Investigator will ascertain the status of the criminal investigation and determine the extent to which any evidence collected by law enforcement may be available to the College in its investigation. At the request of law enforcement, Rhodes may agree to temporarily defer part or all of its own investigation (or subsequent hearing) until after the initial evidence-gathering phase of the law enforcement investigation is complete. The Investigator will communicate with the parties, consistent with the law enforcement request and the College's obligations, regarding procedural options, anticipated timing, and the implementation of any necessary interim measures.

E. Informal Resolution

At the discretion of the Title IX Coordinator and after the filing of a formal complaint, the Complainant and Respondent may mutually agree to forego an investigation and complaint resolution hearing and pursue an informal resolution of the complaint. Waiver of the right to an investigation and adjudication of formal complaints will never be required as a condition of enrollment or continuing enrollment, employment or continuing employment, or enjoyment of any other right.

An informal resolution is a voluntary, non-adversarial, remedies-based, non-judicial process designed to eliminate or address potential sexual harassment. This process, which is similar to mediation, aims to assure fairness, to facilitate communication, and to maintain an equitable balance of power between the parties. Rhodes will not offer or facilitate an informal resolution to resolve allegations that an employee sexually harassed a student.

The Title IX Coordinator will make an initial decision about whether a formal complaint qualifies for an informal resolution, and if both parties then agree in writing to pursue that path, Rhodes will halt any investigation or scheduled complaint resolution hearing so that the parties can schedule an informal resolution process led by a facilitator who is free of bias and conflicts of interest. The facilitator is not an advocate for either party but rather assists the parties in reaching a resolution upon which they can both agree.

Informal resolution is available at any time prior to a determination regarding responsibility.

For cases selected to be resolved through informal resolution:

1. The parties will receive simultaneous written notice of the allegations, the name and contact information for the facilitator, the requirements of the informal resolution process, the fact that a party may withdraw from the informal resolution process and proceed with the investigation and determination of the formal complaint at any time prior to reaching an informal resolution, and any consequences resulting from participating in the informal resolution process, including any records of the process that will be maintained or shared.
2. The facilitator will set up an informal resolution conference at a time agreeable to both parties but within a reasonable amount of time after the decision to participate in the process is made.
3. Advisors and/or Supporters may be present at each party's option, but may not actively participate during the conference.
4. The College will not compel face-to-face confrontation between the parties or participation in any particular form of informal resolution.
5. The informal resolution conference ends when a resolution has been reached or when the facilitator determines that further proceedings will not allow the parties to reach an agreement. Agreements reached in an informal resolution conference will be reduced to writing and signed by both parties. Such agreements are final and not subject to appeal.

F. Complaint Resolution Hearing

A complaint resolution hearing is Rhodes' disciplinary proceeding through which one or more decision-maker(s), through a live hearing, evaluates evidence related to a complaint to determine whether a Respondent is responsible or not responsible for a violation of this Policy, based on the criteria of "a preponderance of evidence." Under this standard, the burden of proof is met and a Respondent may be found responsible for a Policy violation if the decision-maker(s) determines that it is more likely than not that the Respondent committed the violation. If the Respondent is found in violation of the Policy, the Respondent may be subjected to disciplinary action.

1. Decision-maker(s)

The decision-maker(s) will be selected by the Title IX Coordinator and may vary based on the enrollment or employment status of the Respondent:

1. Student and staff respondent cases will typically be heard by a hearing board consisting of three faculty and/or staff members. A chair will be chosen to confer with the Title IX Coordinator concerning procedures and evidence related to the hearing.
2. Non-tenured faculty respondent cases will typically be heard by the Faculty Governance Committee.
3. Tenured faculty respondent cases will typically be heard by the Faculty Governance Committee or the Faculty Committee on Appeals consistent with Section X of the Faculty Handbook, as modified for Title IX compliance.

Decision-makers must have had no prior involvement in the case and be free of conflicts of interest and bias for or against either the Complainant or Respondent. Decision-makers will receive regular training on how to conduct a fair and impartial hearing. Neither the Title IX Coordinator nor the Investigator can be a decision-maker.

The Title IX Coordinator will identify the decision-maker(s) at least five (5) days prior to the hearing date. Either party may challenge the selection on the grounds of conflict of interest or bias by submitting their objection in writing to the Title IX coordinator no less than two (2) days prior to the hearing date stating the basis for their objection. The Title IX Coordinator has sole discretion to keep or replace a decision-maker, and may postpone the hearing to allow for a replacement decision-maker, if necessary.

2. Pre-Hearing Procedures

The parties will be provided notice of the date, time and location of the hearing. At least ten (10) days prior to a hearing, both parties and the decision-maker(s) will be provided access to a hearing packet containing the investigation report, supporting evidence, and other information about the hearing. The packet may not be copied and must be returned at the end of the hearing because it will typically contain other parties' confidential and FERPA-protected information. Receipt of the hearing package will be conditioned upon each recipient's agreement not to re-disclose or use outside of the hearing other people's confidential information learned as a result of the investigation or hearing.

At least five (5) days' prior to the hearing, the parties must give the Title IX Coordinator and the other party a list of expected attendees (including any advisor) and their expected witnesses (including themselves), in order of appearance. Witnesses expected to testify only to the good character of a party will not be permitted. The parties will not be strictly bound to their lists, but they should be made in good faith.

Typically, the parties will be responsible for choosing and supplying their own witnesses to the hearing. When necessary for the pursuit of truth and to gather evidence sufficient to reach a determination, the decision-maker(s) may request the Title IX Coordinator to arrange for the availability of other witnesses after the witness lists have been submitted; recognizing, however, that Rhodes cannot compel any witness to attend. Such additional witnesses will be disclosed to the parties in advance of the hearing.

The Title IX Coordinator, in consultation with the decision-maker, shall have discretion to exclude witnesses based on investigation results that show their expected testimony is not relevant to the facts at issue in the hearing. The parties may object to such a determination, but the Title IX Coordinator shall have ultimate discretion on this issue.

3. Conduct of Hearing

At the live hearing, the decision-maker(s) will permit each party's advisor to ask the other party and any witnesses all relevant questions and follow-up questions, including those challenging credibility. Such cross-examination must be conducted directly, orally, and in real time by the party's advisor, never by the party personally. At the request of either party, the hearing will be conducted with the parties located in separate rooms with technology enabling the decision-maker(s) and parties to simultaneously see and hear the party or the witness answering questions. Live hearings may be conducted with all parties physically present in the same geographic location or, at Rhodes' discretion, any or all parties, witnesses, and other participants may appear virtually, with technology enabling participants to simultaneously see and hear each other.

At the start of the hearing, each party will have the option to provide an opening statement, summarizing their position. The Investigator will then present the investigation report and be available for questioning by the decision-maker(s) and the parties' advisors.

Each party will then be permitted to call their own witnesses, including themselves. Witnesses will be asked to affirm adherence to the Honor Code, if applicable. Prospective witnesses, other than the Complainant and the Respondent, may be sequestered, i.e., excluded from the hearing during the statements of the Investigator and other witnesses, at the request of any party.

The decision-maker(s) and the parties, acting through their advisors, will have an opportunity to question witnesses who appear at the hearing. Any person who offers testimony at the hearing must remain available to answer questions from the decision-maker(s) and both parties' advisors. Typically, the decision-maker(s) will ask questions first, then permit the

questions of the advisor of the party whose witness it is, then the questions of the advisor of the other party.

All hearings will be recorded and closed to the public. Attendance at the hearing by those other than the parties, their witnesses, their supporters and their advisors, will be at the discretion of the decision-maker(s). Any person who engages in disruptive behavior may be removed at the discretion of the decision-maker(s). The recording of the hearing and/or a transcript will be made available to the parties upon request.

4. Rules Governing Proof

At the hearing, all relevant evidence will be objectively evaluated. Relevant evidence is any evidence that tends to make the allegations at issue more or less likely to be true. Credibility determinations will not be made on the basis of a person's status as a complainant, respondent, or witness.

The decision-maker(s) will be responsible for ensuring in advance that each question asked by one party's advisor to the other party is fair and relevant. Questions that seek to elicit solely character evidence or have the effect of impermissibly badgering or harassing the witness will not be permitted. If a question is not permitted, the decision-maker(s) will provide the parties with the basis for that decision.

Questions and evidence about the Complainant's sexual predisposition or prior sexual behavior are not relevant, unless the questions and evidence are offered to prove that someone other than the Respondent committed the conduct alleged, or are concerning specific incidents with the Respondent that are offered to prove consent. If the Respondent is found in violation of the Policy, any previous discipline for sexual misconduct received by Respondent may be subject to inquiry by the decision-maker(s) only in connection with determining potential sanctions.

The standard of evidence to determine responsibility in hearings under this Policy is the preponderance of the evidence standard, which means that, based on the evidence presented, it is more likely than not that the Respondent is responsible for a violation of Title IX. The Respondent is presumed not responsible and can be found responsible only if the evidence preponderates in favor of a finding of responsibility.

Legal rules of evidence or criminal or civil procedure are not binding on the decision-maker(s) at complaint resolution hearings, but may inform the decision to include or exclude or give proper weight to evidence in order to insure the fundamental fairness of the process.

Introduction of the medical records of any person will not be permitted unless the person whose records are sought to be introduced voluntarily agrees in writing that they may be introduced. No medical records may be introduced at the hearing, regardless of consent, unless they are (1) complete; (2) introduced and explained by a health care professional with knowledge of the underlying facts; (3) previously provided to the Investigator prior to the completion of the final investigation report.

The decision-maker(s) may, in their discretion, exclude or grant lesser weight to last-minute information or evidence introduced at the hearing that was not previously presented for investigation by the Investigator or not provided to the other party in sufficient time for that party to adequately address that information at the hearing.

The decision-maker(s) may rely, if relevant, on a statement of a party or a witness even if that party or witness is not present for the hearing or does not submit to questioning. The decision-maker(s) may not draw an inference for or against a party or witness solely based on their absence from the hearing or refusal to answer questions.

At the conclusion of the hearing, the Investigator may give a closing statement and each party will have an opportunity to provide a closing statement at their discretion.

5. Deliberations and Written Decision

All parties, the witnesses and the public will be excluded during the decision-maker(s) deliberations, which will not be recorded or transcribed. The Title IX Coordinator and the Investigator will not participate in the deliberations of the decision-maker(s) in determining responsibility.

In all cases, the decision-maker(s) must consider evidence presented by the Complainant, the Respondent, the Investigator and/or others and determine by a preponderance of the evidence whether a violation of the Policy occurred and impose sanctions, if any.

The decision-maker(s) will issue a written determination regarding responsibility to the parties simultaneously. The written determination will include:

1. Identification of the allegations potentially constituting sexual harassment;
2. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;
3. Findings of fact supporting the determination;
4. Conclusions regarding the application of the Title IX Policy to the facts;

5. A statement of, and rationale for, the result as to each allegation, including:

- a. A determination regarding responsibility;
- b. Any disciplinary sanctions to be imposed; and
- c. Whether remedies designed to restore or preserve equal access to Rhodes' education program or activity will be provided by Rhodes to the Complainant (but not the details of such measures unless necessary to carry them out).

6. The College's procedures and permissible bases for the Complainant and Respondent to appeal.

The decision-maker(s) will use best efforts to issue the written determination regarding responsibility within fourteen (14) days after the hearing. The determination will be issued simultaneously to the parties. Either party may appeal the determination by filing a written appeal, as described below, within ten (10) days after receipt of the determination regarding responsibility. If no appeal is filed, the determination regarding responsibility becomes final ten (10) days from the date of delivery to the parties.

The Title IX Coordinator will be authorized to stay sanctions pending appeal and/or make further accommodations, including supportive measures, that are consistent with the determination.

7. Sanctions

When determining sanctions for a Respondent found in violation of the Policy, the following criteria may be considered, among other factors:

1. The nature, circumstances, and severity of the violation(s);
2. The College's responsibility to ensure the effectiveness of behavioral standards for the Rhodes community;
3. The impact of the violation(s) on the Complainant and the community, protection of the College community and the risk that a Respondent may create a hostile and intimidating environment;
4. The requests of the Complainant;
5. The level of cooperation and/or honesty of the Respondent, or lack thereof, during the disciplinary processes;
6. Any official college report including, but not limited to, prior disciplinary records, criminal records if known, or other official information, the relevance of which will be determined by the decision-maker(s);
7. Whether other judicial measures have been taken to protect the Complainant or discipline the Respondent (e.g., civil protection orders); and
8. The housing and course enrollment pattern of the Complainant, giving due regard to the principle that a student found responsible for sexual harassment under the Policy should bear the burden of accommodating the Complainant and not the reverse.

After taking into account the above considerations, the decision-maker(s) will determine the sanctions for a

Respondent found in violation of the Title IX Policy. One or more of the following sanctions may be imposed upon any student found in violation of the Policy:

1. Warning: A formal letter to be placed in a student's record warning the student that any further violations of the Title IX Policy or other violation of institutional policies will lead to more severe consequences, including suspension or expulsion;
2. Loss of Privileges: Denial of specified privileges for a designated period of time;
3. Required training or education: Attending or participating in a required number, determined by the decision-maker(s), of educational and/or awareness programs relating to the Policy violation, and providing evidence of engaging in the programs;
4. Fines: Previously established and published fines may be imposed;
5. Restitution: Compensation for loss, damage, or injury. This may take the form of appropriate service and/or monetary or material replacement;
6. Discretionary Sanctions: Work assignments, service to the College or community, education, referral to counseling, required behavioral assessment, or other related discretionary assignments;
7. Residence Hall Suspension: Separation of the student from the residence halls for a definite period of time, after which the student is eligible to return. Conditions for readmission may be specified;
8. Residence Hall Expulsion: Permanent separation of the student from the residence halls;
9. Disciplinary Probation: A period of time in which the student is placed on notice that any further violation of institutional regulations will likely lead to more severe disciplinary sanctions, including suspension or expulsion, if the student is found to violate any institutional regulations during the probationary period. Students can be placed on disciplinary or housing probation. A student on disciplinary probation is considered to be not in good social standing with the College;
10. College Suspension: Separation of the student from Rhodes College for a definite period of time, after which the student is eligible to return. Conditions for readmission may be specified; or
11. College Expulsion: Permanent separation of the student from Rhodes College. Pursuant to Rhodes' academic criteria, expulsion may occur at any time before a diploma is awarded.

The following sanctions may be imposed upon any employee found in violation of the Policy:

1. Warning: A formal letter to be placed in an employee's personnel file warning the employee that any further violations of the Title IX Policy or other violation of institutional policies will lead to more severe consequences, including suspension or termination of employment;

2. Required training or education: Attending or participating in a required number, determined by the decision-maker(s), of educational and/or awareness programs relating to the Policy violation, and providing evidence of engaging in the programs;
3. Loss of pay increase: The employee would be ineligible for an annual merit or cost-of-living increase for the year in which the violation occurred;
4. Suspension of employment with or without pay; or
5. Termination of employment.

G. Appeals

Either Complainant or Respondent may appeal any dismissal of a formal complaint or determination of responsibility within ten (10) days of delivery of written notification of the dismissal or a determination. Such appeal must be in writing and can only be raised on one or more of the following grounds:

1. A procedural irregularity that could have affected the outcome of the matter;
2. New evidence that (i) was not reasonably available to the appealing party at the time of the dismissal or determination, and (ii) could have affected the outcome of the matter; or
3. The Title IX Coordinator, Investigator, or decision-maker(s) had a conflict of interest or bias for or against Complainants or Respondents generally or the individual Complainant or Respondent that affected the outcome of the matter.

The notice of appeal must specifically describe the facts or evidence upon which the appeal is based and how it allegedly affected the outcome. The notice of appeal will be provided promptly to the other party, who may, within ten (10) days of receipt of the notice of appeal, file a written response. The appeal will be reviewed and determined by an Appeals Board, members of which

Retaliation

No person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, its regulations, or this Policy, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing. Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sexual harassment, but arise out of the same facts or circumstances as a report or formal complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX or this Policy, constitutes retaliation.

Rhodes will keep confidential the identity of any individual who has made a report or complaint of sexual harassment; any complainant; any individual who has been reported to be the perpetrator of sexual harassment; any respondent; and any witness, except as may be permitted by Title IX, FERPA, or as otherwise required by law, or to carry out Rhodes' Title IX procedures.

Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a Title IX proceeding does not constitute retaliation. A determination regarding responsibility alone, however, is not sufficient to conclude that any party made a materially false statement in bad faith.

Complaints alleging retaliation may be filed with the Title IX Coordinator. In the event an individual alleges that the Title IX Coordinator retaliated against them, the individual may file a complaint with the Chief Human Resources Officer.

Any individual found to have retaliated against another individual will be in violation of this Policy and will be subject to disciplinary action, up to and potentially including termination for employees and expulsion for students.

SEX OFFENDER REGISTRATION - CAMPUS SEX CRIMES PREVENTION ACT

MEGAN'S LAW

The federal Campus Sex Crime Prevention Act (CSCPA-Section 1601 of Public Law 106-386) amends the Jacob Wetterling Crimes against Children and Sexually Violent Offender Registration Act. In addition to the Wetterling Act, CSCPA also amended the Clery Act, an annual crime reporting law and the Family Educational Rights and Privacy Act of 1974 (FERPA) to allow disclosure of this information regarding students. As provided in the Wetterling Act, any person required to register under a state sex offender registration program must notify the state regarding each institution of higher education in that state at which he or she is employed or is enrolled and must alert the state of any changes in enrollment or employment status. Sex offender registration information is to be transmitted from each state to the law enforcement agency where the registered sex offender resides. In Tennessee, the sex offender list is maintained at the county level. You can locate the Tennessee Sex Offender Registry Map of the Tennessee Bureau of Investigation at <https://sor.tbi.tn.gov/home> or the Shelby County Sheriff's Department at www.shelby-sheriff.org. If you have any questions concerning the sex offender registry, contact Campus Safety and we can assist you with your needs.

DISCLOSURE OF DISCIPLINARY PROCEEDING OUTCOMES TO VICTIMS OF CRIMES OF VIOLENCE

Rhodes College will, upon written request, provide the alleged victim of a crime of violence, [i.e. an offense that has as an element the use, attempted use, or threatened use of physical force against the person or property of another, or any other offense that is a felony and that, by its nature, involves a substantial risk that physical force against the person or property of another may be used in the course of committing the offense (18 U.S. Code § 16)], including the offenses of statutory rape and incest, a statement of the results of any disciplinary proceeding conducted by Rhodes College against a the student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the information shall be provided, upon request, to the next of kin of the alleged victim.

CAMPUS SECURITY POLICIES, CRIME PREVENTION & SAFETY AWARENESS PROGRAMS

Crime prevention is defined as the anticipation, recognition, and appraisal of a crime risk and the initiation of some action to remove or reduce that risk. Below are recommendations that can reduce the risk of being victimized:

- Lock your door whenever you leave your room for any length of time.
- Always lock your vehicle doors.
- Never prop open a residence hall door or a fence gate.
- Do not leave valuables or cash in plain view.
- Do not loan your room key or fob to anyone.
- Do not put your name or address on your room key.
- Take all valuables with you when you leave school for extended periods, such as breaks.
- Itemize your possessions on file, recording the description and serial number. Keep a copy of a file in a safe place.
- Never let unauthorized persons into your room, residence hall or secure areas. Always ask for identification and report any suspicious activity to Campus Safety.
- Avoid working or studying alone in a campus building. If working late, contact Campus Safety for an escort.

MISSING STUDENT NOTIFICATION POLICY AND PROCEDURES

The Rhodes College missing student policy relates to students who reside in on-campus student housing. Rhodes College will report to the appropriate contract person and to the Memphis Police Department any student who has been determined to be missing from campus for 24 hours or more. If any member of the Rhodes community believes that a student who lives in on-campus housing is missing, the community member is urged to report this to one of the individuals or organizations on the list below:

- Dean of Students
- Director of Residence Life
- Director of Campus Safety
- Rhodes College Campus Safety
- Memphis Police Department

When a campus official other than Campus Safety receives a report that a student is missing, these officials must refer the report to Campus Safety immediately for investigation. The Campus Safety Department will initiate a “Missing Student” report. The College will take reasonable and prudent steps to locate the student. Campus Safety may contact the Memphis Police Department for assistance in its investigation. Students can identify either a contact person whom Rhodes College shall notify within 24 hours of the determination, by Campus Safety or the Memphis Police Department that a student is missing.

This contact information will be confidential and will be accessible only to authorized campus officials, and will be disclosed only to law enforcement personnel in furtherance of the missing student investigation. Once a student has been determined to be missing, Rhodes College will take the following actions no later than 24 hours from the determination:

1. Notify the emergency contact person named by the missing student. The College will attempt notification by all methods of contact provided by the missing student.
2. Notify the student’s custodial parent or legal guardian if the missing student is under the age of 18 and not emancipated.

3. Notify the Memphis Police Department if it was not already involved in the missing person investigation.

RHODES COLLEGE POLICIES GOVERNING CONDUCT, ALCOHOL, DRUGS, AND WEAPONS

To comply with the Drug Free Schools and Communities Act of 1989 (DFSCA) and subsequent amendments, Rhodes College informs students and employees that it strictly enforces policies in place which prohibit the possession, use, or distribution of any illicit drugs, including alcohol, on Rhodes College property or as part of any College-sponsored activity, unless event-specific permission is given for of-age students to consume alcohol moderately. Students and employees are also subject to all applicable legal sanctions under local, state, and federal law for any offenses involving illicit drugs on Rhodes College property or at College-sponsored activities.

OFF-CAMPUS CONDUCT

The values of Rhodes College apply wherever Rhodes community members live, work or play. Students may be held accountable for conduct which constitutes a hazard to the health, safety, or well-being of members of the College community or which is detrimental to the College’s interests whether such conduct occurs on campus, off campus, or at College-sponsored events.

GOOD NEIGHBOR POLICY

Rhodes College values all community members, including those outside our gates. The College strives to build positive, respectful, and civil relationships with our community neighbors to ensure positive, open streams of dialogue.

Rhodes students, whether living on or off campus, should be respectful of the people who live in the neighborhoods surrounding Rhodes. Excessive noise (see Noise policy), trash, or disruptive behavior that disturbs our neighbors will result in an investigation led by the Office of Community Standards and possible discipline.

SOCIAL & ALCOHOL POLICY

Alcohol and its effect on the college experience is a common topic of discussion and debate. The Rhodes College philosophy is that there is a time and a place for alcohol consumption that is consistent with certain college activities and at certain times. No matter the circumstance, an individual's behavior when consuming alcohol should always demonstrate respect for people and property.

When an individual chooses to drink alcohol, they are assuming some level of risk – risk to their health, risk to their safety, and, if they are under the legal drinking age, risk that they will be held accountable either by the College or by law enforcement. Students can lessen their risk by practicing reasonable and safe consumption of alcohol. Alcohol should be consumed in moderation, and not toward a goal of intoxication.

Drinking alcohol to the point of intoxication is not a community value and is a violation of this policy. Rhodes defines alcohol intoxication as a condition of having physical or mental control so diminished by the effects of alcohol that the individual: (1) is a danger to themselves; (2) presents a danger to other people or property; or (3) unreasonably annoys people in the vicinity. Regardless of a student's age, intoxication will not be tolerated.

Rhodes College follows federal and state law as it pertains to alcohol:

- Individuals under the age of 21 may not possess and/or consume alcohol.
- Individuals may not sell, give, or serve alcoholic beverages or permit alcohol to be served to persons under the age of 21. By law, the sale of alcoholic beverages includes any situation in which there is a charge for entertainment or service and alcohol is freely available.
- Individuals may not drive or operate a vehicle, either on or off campus, while under the influence of alcohol.
- As a private institution, Rhodes College has standards and expectations on campus that go above and beyond the law:
- Individuals, regardless of whether they are of legal drinking age, are not permitted to possess or consume alcohol in residence halls that are designated for first-year students.
- Individuals may not possess open containers of alcohol, including secondary containers (i.e. cups, tumblers, water bottles, etc.) on College property, such as in academic

buildings, the library, parking lots, outdoor quads and spaces, athletic fields, roadways, and administrative buildings.

- Individuals may not possess open containers of alcohol, including secondary containers (i.e. cups, tumblers, water bottles, etc.) in public areas, such as on a street, sidewalk, or in a park.

There are some campus events where alcohol is served in a controlled and monitored setting. At these approved events, carrying alcohol from one on-campus venue to another is strictly prohibited unless carried in a cup. No bottles, cans, kegs, or other containers are permitted to be carried from one on-campus venue to another.

Because the College is committed to promoting the reasonable and safe consumption of alcohol, paraphernalia that facilitates high-risk or binge drinking is prohibited. This includes, but is not limited to, beer bongs or funnels, kegs, and other common containers and mass sources.

Drinking games are another contributor to the rapid consumption of alcohol and are also prohibited.

In situations in which an alcohol policy violation occurs in a group setting, the determination of each individual's responsibility for the violation will be determined on a case-by-case basis, including, but not limited to, the following factors:

- The location and quantity of alcohol
- The student's ability to exercise control over the situation
- Whether or not students in the incident take responsibility for the procurement or consumption of the alcohol

Good Samaritan Policy

In continuing with our commitment to health and safety, the College has adopted a Good Samaritan Policy, also known as an amnesty policy. Students are expected to assist their peers and fellow community members by utilizing this policy. Students are to contact Campus Safety or Residence Life staff when they believe an intoxicated student needs assistance. In the case of a medical emergency, students should call 911. When a student or organization calls for assistance, neither the student/organization, nor the impaired student, will be subject to an alcohol violation. The Good Samaritan Policy does not protect students from violations of other College policies. This policy likewise does not prevent action by state or local authorities. Staff members will document names of intoxicated students given amnesty under this policy to allow for appropriate follow-up, which may result in a requirement to complete an alcohol education program, an assessment, or treatment, depending on the level of concern for the student's health and safety. The Good Samaritan Policy will no longer apply if the student involved demonstrates a repeated lack of care for themselves and/or the campus community. The application of this policy will be at the discretion of College officials who have access to incident reports and a student's conduct record.

Hosting Events and Parties

All events planned and hosted by Rhodes College departments and organizations must use the Events Management System to:

- Reserve the location (indoor, outdoor, and off-campus) 14 days prior to the event start date. If coordination with other

departments listed below, arrangements are needed at least seven days in advance.

- Arrange catering through Bon Appetit and request any of the following: set-up from Physical Plant (chairs, tables, stage, etc.), AV equipment from the Barret Media Center, Campus Safety if cash is collected or security is needed, and publicity through Communications.
- In planning of events where alcohol is anticipated, the host will work with the VP for Finance and Business Affairs (faculty and staff) and Campus Safety to plan logistics and procedures related to compliance with the law, organizational rules and by-laws, and the well-being of guests.
 - o No organization shall furnish alcoholic beverages to students on campus or at any College function.
 - o Requests for exceptions to these procedures should be made to the Director of Student Engagement and the Dean of Equity and Engagement for student groups
- Advertising for events must follow the Posting Signs Policy in the Student Handbook.
- Clean-up of events on campus must be completed by 8 a.m. the following morning unless an earlier time is requested in advance.

Regulatory and Contractual Compliance

- Bon Appetit is Rhodes College's approved contract vendor for food and beverages. To consume alcohol in the Lair and/ or Lair Patio, it must be purchased through Bon Appetit.
- In compliance with the National Collegiate Athletic Association, possession and consumption of alcohol is prohibited at National Collegiate Athletic Association athletic events.
- In planning of events where alcohol is anticipated, the host will work with the VP for Finance and Business Affairs (faculty and staff) and Campus Safety to plan logistics and procedures related to compliance with the law, organizational rules and by-laws, and the well-being of guests. No organization shall furnish alcoholic beverages to students on campus or at any College function.
- Requests for exceptions to these procedures should be made to the Dean of Students for student groups or the VP for Finance and Business Affairs for other groups.

Alcohol Shipments

It is prohibited for any student, regardless of age, to have alcohol shipped to the mailroom at Rhodes College. The mailroom will inform the Office of Community Standards if/when shipments of alcohol are received. This is a violation of the Social and Alcohol Policy.

Title 7 - ALCOHOLIC BEVERAGES—Below is the link to the additional Local Alcohol Laws https://library.municode.com/tn/memphis/codes/code_of_ordinances?nodetd=TIT7ALBE

The College provides following summary to promote increased awareness of the Tennessee laws concerning alcoholic beverages. It does not intend this summary to be a restatement of the law nor a summary of all of the laws relating to alcoholic beverages. All members of the Rhodes community are responsible for compliance with the state laws governing the use of alcohol.

REGARDING ALCOHOL CONSUMPTION, ACCORDING TO TENNESSEE LAW, IT IS ILLEGAL:

- For any person or group of legal drinking age to sell, furnish, or provide alcoholic beverages to any person under twenty-one years of age;
- For any person under the age of twenty-one to purchase, consume, receive, or possess alcoholic beverages;

VIOLATIONS AND SANCTIONS OF STUDENTS

Student violations of this policy are on a two-tiered system. "Level 1" Violations include, but are not limited to, the possession or consumption of alcohol if under the age of 21 or providing alcohol to underage students. "Level 2" Violations include, but are not limited to, alcohol intoxication or substance induced behavior that places a student or others at risk in terms of health and safety issues. The adjudicator determines the level of the violation. Students in violation will:

1. Dispose of all alcoholic beverages in their possession or the alcoholic beverages will be confiscated and disposed of by a College staff member;
2. Receive a written or oral warning that current or future policy violation(s) may result in more severe sanctions and/or administrative action at the discretion of the adjudicator.

VIOLATIONS AND SANCTIONS OF EMPLOYEES

The use of illegal drugs and/or alcohol by employees and impairment in the workplace due to drugs and/or alcohol are prohibited and will not be tolerated. Engaging in prohibited and/or illegal conduct will lead to discipline, up to and including termination. Prohibited and/or illegal conduct includes, but is not limited to:

1. Being under the influence of alcohol or illegal drugs during working hours;
2. The sale, possession, transfer or purchase of illegal drugs on College property or while performing College business;
3. The manufacture, use, sale, distribution or possession of illegal drugs while on duty;
4. Off-duty use of alcohol or illegal drugs that discredits the College or adversely impacts an employee's ability to do his/her job
5. Refusing or failing a drug and/or alcohol test administered under this policy; and
6. Providing an adulterated, altered or substituted specimen for testing.

Illegal drug use includes the use of prescription medication without a valid prescription. Employees are also precluded from reporting to work under the influence of over-the-counter or legally prescribed medications that adversely affect the ability of the employee to safely and efficiently perform his/her duties.

Employees who organize or sponsor a student group involved in an institutionally sponsored activity of the College, whether on or off campus, have the responsibility to take all reasonable measures to limit the consumption of alcohol to those legally entitled to drink.

Reasonable measures would include (but not be limited to): required use of identification when alcohol is allowed, monitors utilized, etc.

ALCOHOL AWARENESS

Rhodes is committed to providing students, faculty, and staff with factual information about alcohol as well as confidential referrals for professional assistance as needed. An awareness of the negative effects of alcohol consumption may assist you in your efforts to make safe and responsible choices about alcohol. Educational programs will be organized and conducted annually to promote continued awareness and encourage an attitude of genuine concern and care for others. Information concerning responsible use, effective party planning, indications of abuse or addiction, and resources for assistance are available for you or someone you care about in the Counseling Center.

RHODES COLLEGE DRUG POLICY

THE DRUG-FREE SCHOOLS AND COMMUNITIES ACT AMENDMENTS OF 1989

Rhodes complies with the requirements of the Drug-Free Schools and Communities Act Amendments of 1989. The College will not tolerate the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance or the misuse of medications or other legal drugs on the Rhodes campus. Such activity is a threat to the personal safety of the people who work and live on the campus, and a threat to the reputation and mission of the College. Such conduct:

1. Violates the law
2. Compromises the physical and mental health of those involved
3. Threatens the fabric of the community by introducing unlawful elements.

The students, faculty, and staff of Rhodes are responsible for knowing and complying with all applicable state and local laws that make it a crime to possess, sell, deliver, or manufacture those drugs considered to be “controlled substances” by the state of Tennessee. Any member of the Rhodes community who violates the law is subject to both prosecution and punishment by civil authorities and to disciplinary proceedings by the College.

Students, faculty, or staff at Rhodes are subject to disciplinary action for the possession, manufacture, use, sale, or distribution (by either sale or gift) of any quantity of any prescription drug or controlled substance or for being under the influence of any prescription drug or controlled substance, except for the appropriate use of an over-the-counter medication or for the prescribed use of medication in accordance with the instructions of a licensed physician. Controlled substances include, but are not limited to, marijuana, cocaine, cocaine derivatives, heroin, amphetamines, barbiturates, LSD, PCP, and substances typically known as “designer drugs” such as “ecstasy” or “eve.” Possession of paraphernalia associated with the use, possession, or manufacture of a prescription drug or controlled substance is also prohibited. Students, faculty, or staff also are subject to disciplinary action for the misuse or abuse of mind-altering substances (e.g., Amyl Nitrate, Ephedrine, etc.).

STUDENT SANCTIONS

The sanctions to be imposed by the College may range from probation to suspension or expulsion from one’s place of residence or to expulsion from enrollment. However, the following are the minimum sanctions that will be imposed by the College for a violation of this policy:

The minimum sanction for a first-time drug paraphernalia violation is a requirement to participate in drug education program, and disciplinary probation for six months, which places a student in not good standing with the College. The penalty for any student who violates the policy for drug paraphernalia for a second time will be deferred suspension or suspension from the College for at least one semester.

The minimum sanction for a first-time violation of the Drug Policy for misuse or abuse of illegal drugs or the illegal use or possession of a prescription drug is disciplinary probation for a full year, a fine, and a requirement for participation in a drug abuse education and/or treatment program. Parental notification is also likely. Any student who violates the Drug Policy for misuse or abuse of illegal drugs or illegal use or possession of a prescription drug for a second time will be suspended from the College for at least one year.

Shared Responsibility Statement: Students who are found to be present in an environment where illegal drug use or drug paraphernalia is present will be held responsible for a “Shared Responsibility Drug” violation. This violation will result in a warning and drug education.

The minimum penalty for sale, manufacture for sale or distribution of illegal drugs, mind-altering substances or prescription drugs is expulsion from the College.

EMPLOYEE PENALTIES

DRUG AND ALCOHOL TESTING

An employee is subject to testing for illegal drugs and/or alcohol where there is reasonable suspicion to believe the employee is using or is under the influence of drugs and/or alcohol. The decision to test will be based on specific and contemporaneous observations concerning the appearance, behavior, speech and body odors of the employee. Drug and alcohol testing may also be conducted following a work-related accident where the use of illegal drugs or alcohol may be the cause or contributed to the accident.

Upon being notified of a test for drugs or alcohol, the employee must submit to testing at the specified location immediately. Employees who refuse to submit to testing, or who have been found to have submitted a substituted or adulterated specimen for testing, are subject to immediate termination.

Employees who have tested positive for illegal drugs or alcohol will be notified in writing of a positive test result. The employee will then have an opportunity to offer a written explanation of the test result to the testing facility within five (5) working days after receiving the notification. The employee is subject to immediate removal from duty without pay and may be subject to disciplinary action up to and including termination.

REHABILITATION POLICY

Employees who voluntarily come forward to ask for assistance with a drug and/or alcohol problem may be eligible to take a leave of absence to seek professional help. Employees who seek to voluntarily disclose a drug or alcohol problem should contact the Benefit Services Manager. Requests for assistance will be handled with as much confidentiality as possible. A request for assistance is considered voluntary only where it is made prior to an employee being selected or scheduled for testing.

For employees allowed leave for treatment, such leave will be considered family and medical leave to the extent the employee is eligible for such leave. Employees who have no accrued paid time available and are not eligible for family and medical leave will be given unpaid leave up to the extent allowed by the College's leave policies.

DRUG LAWS

Local Drug Laws

Memphis and Shelby County use State and Federal Drug Laws.

Summary of State Law Concerning Drugs

The College provides the following summary of the Tennessee Code Annotated to promote increased awareness of the Tennessee laws concerning controlled substances. Rhodes does not intend for this summary to be a restatement of the law nor a summary of all of the laws relating to controlled substances. All members of the Rhodes community are responsible for compliance with laws concerning controlled substances.

It is a criminal offense to knowingly manufacture, deliver, sell, or possess with the intent to manufacture, deliver, or sell controlled substances. The State of Tennessee defines seven categories of controlled substances. Depending upon the type and quantity of substance, felony penalties include fines ranging from \$5,000 to \$500,000 and imprisonment for not less than one year to not more than 60 years. For misdemeanor possession of a controlled substance, the penalty is imprisonment of not more than 11 months and 29 days and a \$2,500 fine.

The term "drug paraphernalia" means any equipment, products, and materials of any kind which are primarily used, intended for use, or designed for use by the person in possession of them, in planting, propagating, cultivating, growing, harvesting, manufacturing, compounding, converting, producing, processing, preparing, testing, analyzing, packaging, repackaging, storing, containing, concealing, injecting, ingesting, inhaling, or otherwise introducing into the human body, a controlled substance. June 2004

Alcohol Class – The Alcohol class is as a sanctioning tool predominantly for students who violate the Alcohol policy for the first or second time. This class is one-time, one-hour and by interns at the Counseling Center. It focuses on the following information: risk assessment, decisional balance, myths debunked, risk factors for alcoholism, options for reducing risk, signs of alcohol poisoning, and alcohol basics. We have a low recidivism rate of students getting a second alcohol violation after attending the alcohol class.

Electronic Check Up To Go (alcohol) – This program is a personalized, evidence-based, online prevention intervention for Alcohol. The College provides this program to motivate individuals to reduce their consumption using personalized information about their own drinking and risk factors. The programs are designed with the most current and reliable research available by San Diego State University.

Electronic Check Up To Go (cannabis) – This program is a personalized, evidence-based, online prevention and intervention program designed to reduce cannabis use. The goal is to motivate students to reduce their level of cannabis use using personalized information about their own behavior and risk factors. The program's design is customized to the Rhodes College campus.

Welcome Week Alcohol Presentation – Annually, the Director of Community Standards facilitated sessions to all first year students that reviewed the Social and Alcohol policy focusing on the tenets of the Alcohol policy: Legal, Healthy, Responsible, and Reflective of Campus Values.

Campus Events – The Rhodes Activities Board (RAB) sponsors and manages a variety of events that promote campus unity,

encourage responsible social activity, and expose students to diverse cultural, intellectual, and social opportunities. RAB provides lectures, movie nights, concerts, carnivals, and more on a regular basis throughout the year.

Rhodes provides a number of passive and active programming efforts completed throughout the course of the year. Resident Assistants, other student organizations, as well as the Office of Community Standards in collaboration with a variety of other offices on campus provide these programs. A few examples of programs are:

- Alcohol Facts giveaway in the Dining Center;
- It's on US campaign;
- Pancake Study Break during finals week, etc.

Alcohol Free Spaces – The campus offers a number of lounges and spaces to hang out that are alcohol-free, recreation center, spaces in both academic buildings and residence halls, as well as our coffeehouse. The student and recreation centers offer late night hours, and the other spaces are all available 24 hours per day.

Registering Events – Any student group registering an event will register their event on our online Events Management System. In addition to registering the event, if an event will have alcohol present a campus safety officer must be present to check ID's. In addition, other measures should be in place for a safe environment. Included in the Social and Alcohol policy, is that no "spontaneous events" where students may allow alcohol use or presence.

Stall Stories – Alcohol and Drug Prevention and Awareness information developed the Office of Community Standards. This information highlights resources available to students on campus. Every month a ‘Stall Story’ is created around Alcohol and Drug Education. The College places “stall stories” on the back of the doors in the bathroom stalls in the residence halls and the academic buildings. They focus on a variety of topics including: Alcohol and Academics, Alcohol and the Body, Drunk and Drugged Driving, Pre-Gaming, Drug Awareness, etc. The Alcohol and Drug Prevention Student Coordinator creates these.

Annual Red Ribbon Drug Awareness week – the initiative’s goals are to bring awareness, advocacy, and education to the

campus about drug education and prevention.

The definitions for Murder, Rape, Robbery, Aggravated Assault, Burglary, Motor Vehicle Theft, Arson, Weapons Carrying, Possessing, Etc. Law Violations, Drug Abuse Violations, and Liquor Law Violations are from the Summary Reporting System (SRS) User Manual from the FBI's UCR Program. The definitions of Fondling, Incest, and Statutory Rape are from the FBI's National Incident-Based Reporting System (NIBRS) Data Collection Guidelines edition of the UCR. The definitions for VAWA crimes are contained in the Clery Act Final Regulations located at <https://www.federalregister.gov/documents/2014/10/20/2014-24284/violence-against-women-act>.

PROCEDURES FOR REPORTING A FIRE OR OTHER EMERGENCY

Call Campus Safety at 901-843-3333 and report the situation from a safe place, and/or call 9-1-1. In case of fire or fire alarm, evacuate the building or area immediately. In case of other emergency, follow the procedures set forth for that emergency.

PROCEDURES TO FOLLOW IN CASE OF FIRE OR ALARM

- If you discover a fire:
 - Evacuate the building or area via the nearest safe exit; activate the building alarm by pulling a “pull-station” located next to the exit and report to the pre-designated Evacuation Assembly Area. (see section below)
- NOTE: If the fire is very small and you know how to use a portable fire extinguisher safely, you may attempt to put out the fire. Always pull the fire alarm first or make sure that the fire department has been called BEFORE you attempt to fight a fire. Do not try to fight a fire unless you feel that it can be done safely and there is a clear escape route available to you.

5. Portable Fire Extinguishers

- Types of Extinguishers on Campus:
 1. Type ABC—Located throughout campus buildings and areas--Can be used on any fire except burning metal and chlorine fires.
- Using a Portable Fire Extinguisher:
 - If you know that you have the proper extinguisher and the fire is small enough to extinguish safely, remember the P-A-S-S acronym to use your extinguisher as follows:
 - Pull the safety pin at the top of the extinguisher

- Aim the nozzle, horn, or hose at the base of the flames
- Squeeze the handle of the extinguisher
- Sweep the nozzle from side to side until the fire goes out

PROCEDURES FOR EMERGENCY EVACUATION

- General Emergency Evacuation Procedures:
 - Be aware of the following procedures if a fire is discovered or when the fire alarm sounds in your building. You should also be familiar with your emergency exit routes and your assembly area (see section below).
 - Leave the premises immediately.
 - If there is smoke or heat, stay low to the floor. Crawl to the nearest exit if need be.
 - Always use stairwells to evacuate if possible. Do not use elevators.
- Before opening any door, feel the door near the top. If it is hot, do not open it. Use another exit. If the door is not hot, open it cautiously. Stand behind the door and be prepared to close it quickly if there is excessive smoke or heat.
- If you become trapped, do the following:
 1. Call Campus Safety at 901-843-3880 and or 9-1-1 and tell them your exact location and situation.
 2. Place a blanket or similar article along the bottom of the door to keep smoke out. If possible, wet the material first.
 3. Retreat. Close as many doors between you and the fire as possible.
 4. DO NOT JUMP!

- Activate the nearest fire alarm pull station as you leave the building. From a safe location, call Campus Safety at 901-843-3880 and/or 9-1-1 (no matter how small the fire is.) Tell them where the fire is and give them any other information requested.
- Assemble outside in a pre-designated area (see section below). The Memphis Fire department will notify Campus Safety when it is clear to re-enter the building. Once you have assembled, you may be required to remain at the Assembly area until released by MFD or Campus Safety.

EMERGENCY EVACUATION TYPE AND EXIT ROUTE ASSIGNMENTS

6. Locate the nearest exit or follow the illuminated “EXIT” signs. Evacuation plans are building specific. It is important for all employees of the College to be familiar with the evacuation policy for the building that is their primary place of employment as well as other areas that they are required to frequent. Employees are advised to familiarize themselves with the closest route of safe egress.

EMPLOYEES CONDUCTING CRITICAL FUNCTIONS BEFORE EVACUATING

7. Employees who are required and permitted by the responding fire department to remain in the building to conduct critical operations should perform their duties only if they are not in the smoke/fire area. Employees should never risk injury when performing work-related duties.

PROCEDURES TO ACCOUNT FOR PERSONS AFTER EVACUATION

8. Employees
 - a. Supervisors shall develop a procedure to account for employees after an emergency evacuation has been completed. Supervisors should conduct a “head count” of persons in their Evacuation Assembly Area. Supervisors who have knowledge of any person(s) still inside the building (or otherwise unaccounted for) must inform emergency responders (e.g. the Memphis Fire Department.)
9. Students
 - a. In Classrooms:
 - Instructors shall develop a procedure to account for (to the best of their ability) students under their control after an emergency evacuation has been completed.
 - b. In Residential Facilities:
 - The Office of Residence Live will develop a plan to ensure that the building has been cleared in the event of a residential facility evacuation.

EMERGENCY MEDICAL AND RESCUE DUTIES

10. The responding fire department and EMS units will provide emergency medical and rescue duties.

RESIDENCE HALL FIRE SAFETY POLICIES

FIRE EXTINGUISHER, FIRE ALARMS AND FIRE RELATED ACTIVITIES

Falsely pulling a fire alarm or discharging a fire extinguisher, possession of fireworks on campus, and burning items (e.g., paper on doors or walls, paper in bathrooms, etc.) is prohibited. Minimally, first-time offenders will be fined \$100.00 and the SRC may take other appropriate action. If the person responsible cannot be identified, the charge may be divided equally among residents of the floor. Clean-up fees may also be charged. Any student who willfully fails to exit the residence hall after the fire alarm sounds will be subject to disciplinary action that may result in removal from the residence hall. Rhodes conducts two fire drills annually, one per semester, to ensure that residence hall fire safety systems are in working order.

FIRE PREVENTION AND SAFETY

The residence halls are private residences owned and maintained by the College. They are subject to the Memphis Fire Code, and are regularly inspected by the Fire Marshall’s Office.

1. Students should test their battery operated smoke alarm regularly to assure proper operation of the alarm. Service requests for malfunctioning alarms or new batteries should be submitted through the work order system. Smoke alarms must not be tampered with or covered.
2. No upholstered furniture that has significant cuts or ruptures in the upholstery will be permitted in the residence halls. Students may be asked to remove items on walls that create a fire hazard. No items are to be hung from ceilings, covering lights, or covering smoke detectors.
3. Students may be asked to remove appliances to avoid overloading the circuits and to avoid fire hazards. All electrical appliances should be turned off when not in use.
 - a. Refrigerators in residence halls must be no larger than 33” high or 19” wide. Only one refrigerator per room.

- b. Any appliance with an open flame or burner, including but not limited to candle warmers, hot plates, electric skillets, toaster ovens, toasters, counter top style grills, sandwich makers and woks are prohibited.
- c. Halogen and other exposed bulb lamps are not permitted.
- d. "UL Approved" power-strips with surge protectors not exceeding 15 amps must be used.
- e. "UL Approved" Christmas tree lights designed specifically for indoor use may be used. No other forms of extension cords or multi-outlet extenders can be used.
- f. Neon lights, beer signs, fireworks, flammable liquids of any kind, and open flame devices, including but not limited to candles and incense, are not allowed in residence halls.
- g. All residence hall spaces are non-smoking.

Failure to comply with any of these fire safety requirements will minimally result in a \$50.00 fine for first offense. Subsequent offenses may result in suspension or expulsion from the residence halls.

FUTURE IMPROVEMENTS IN FIRE SAFETY

There are no current plans for future improvements in fire safety by Rhodes College.

FIRE LOG

The Campus Safety Office, as of September 3, 2019, maintains a fire log that includes:

- The nature of the fire,
- The date the fire occurred,
- The time of day the fire occurred, and
- The general location of the fire.

COMBINING THE DAILY CRIME LOG AND THE FIRE LOG:

Rhodes College has on-campus student housing facilities and we are required to maintain a fire log. A common log meets all of the requirements for both logs. The fire log for the most recent 60-day period is open to public inspection at: www.rhodes.edu/crime-and-fire-report.
