

## Pharmacy — Preferred Covered Drug List

---

Your plan covers a list of prescription drugs that treat a wide range of conditions. You can get these medications at preferred prices from thousands of pharmacies in Tennessee and across the nation, including many national chains and independent pharmacies.

### Understanding Your Benefits

It's important to know which drugs your plan covers. Reviewing your pharmacy plan now can help you later when you need to fill a prescription. Your plan uses the Preferred Formulary Guide, which includes a list of all the generic, brand name and specialty drugs your plan covers. It also lists plan details including quantity limits and prior authorization requirements.

View these details by downloading the Preferred Formulary Drug List at [bcbst.com/PreferredRX](https://bcbst.com/PreferredRX).

You can also call the Member Service number listed on your Member ID card for questions about the drugs covered under your plan.

To learn more about your prescription drug coverage, visit the Pharmacy section of [bcbst.com](https://bcbst.com). You'll need to know your pharmacy network (for example, RX04). You can find this information on your Member ID card.
