

RHODES COLLEGE: ASSENT TO PARTICIPATE IN RESEARCH

Project Title: **(FILL IN THE BLANK)**

Investigator: **(FILL IN THE BLANK)**

We are doing a research study about ***how you remember things that make you feel happy and things that make you feel bored.*** A research study is a way to learn more about people. If you decide that you want to be part of this study, you will be asked to ***watch some short cartoons.***

I am going to ask you to several things today. First I will ask you to watch a cartoon. Then I will ask you what you remember about it. We will do this several times, which means I will ask you to watch several cartoons.

Not everyone who takes part in this study will benefit. A benefit means that something good happens to you. ***We think you will like some of the cartoons, but you may not like all of them.***

We are going to watch these cartoons with a bunch of other boys and girls, and when we are done, we will write a report about what we learned. This report will not include your name or that you were in the study.

You do not have to be in this study if you do not want to be. If you decide to stop after we begin, that's okay too. Your parents know about the study too.

If you decide you want to be in this study, please sign your name.

I, _____, want to be in this research study.
